Our Vision

Our Basic motto is to become the world's best Engineering, Medical and Board coaching institute by creating an excellent competitive environment for students. In order to lead, we aim to focus on the development of the society by aspiring young and talented minds of our country. We help them achieve their aim (motto) and to succeed in their professional career.

DIRECTOR'S DESK

Greetings from Meritorious

ASHOK VERMA
Best Academician

(Former Software Engineer)

Dear Students and Parents,

Welcome to Meritorious,

Founded on March 23, 2015, Meritorious Tutorials has been under the inspirational leadership of our founder, Mr. Ashok Verma located in Kharghar, Navi Mumbai, we have earned a reputation for excellence by delivering top-quality guidance to students from Std. 5 to 12 in both Science and Commerce streams, covering various boards including CBSE, ICSE, IGCSE, IB, and State Board.

In addition to regular curriculum support, we also specialize in preparing students for competitive exams such as IIT-JEE (Main & Advanced), NEET, and foundational courses. Our commitment to quality education and personalized mentorship has consistently led to remarkable results, helping our students achieve their academic goals.

Since 2015, Meritorious Tutorials has experienced steady growth by continuously adapting to the various changes in the education system. Our impressive results are a testament to the collaboration and expertise of our highly qualified team of professors, which includes IITians(B.Tech), Doctors and PHD. who are not only popular and talented but also highly experienced.

The determination and dedication of our students play a crucial role in our success. At Meritorious Tutorials, we place a strong emphasis on conceptual understanding, which not only leads to outstanding results but also equips our students to excel in all their future examinations. We are proud to support our students in their academic journeys and look forward to continued success together.

Join us at Meritorious and take the first step towards your academic success!

Why Student/parents believe:

Better Concepts, Better Future, we delivered basic fundamental based education.

Student's best results motivate our entire team to continue the tradition of providing the perfect environment to students to excel through our quality curriculum, infrastructure and professors. Congratulations to all Meritorious Tutorials students, professors and staff on this glorious recognition.

With BEST WISHES for all your academic endeavours, I remain,

Yours sincerely

WHY JOIN MERITORIOUS ?

We work on 6 key points : Basic Fundamentals, Excellence in academics, Skills, Competitive exams, Language proficiency, Cultivating Indian values. And these points will help them to groom from every prospective.

Best faculties for each subject

We have the best pool of faculty members who are IITians & Doctorates in their respective subjects. Besides their high Qualification & great professional experience, all the faculty members are compassionate about teaching and making the students learn in a logical way.

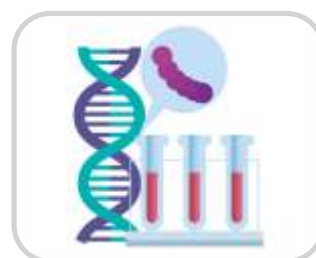

Daily Doubts Class

Doubts sessions are provided daily so that students can ask their topic wise doubts to the faculty during the class. Previous lectures doubts are cleared and students are free to ask personal doubts to faculty without hesitation. After completion of the entire chapter doubt clearing classes are arranged for students.

Structured Testing

Once a Chapter is finished in the class, the students are tested to check if they have understood the concept. Besides Chapter-wise tests, we conduct mock tests and major tests for Board and Competitive exams (Online and Offline). Attempting various formats of tests helps the students to gain confidence & get familiar with the exam pattern.

Quality Study Material

Our comprehensive and quality study material is prepared by our faculty members and is updated regularly as per the examination pattern notified by exam conducting bodies.

Personalized Coaching

Knowing the fact that not every student follows the same pattern & pace of learning, we help the students through personalized coaching. Our faculty members are readily available for every student to sit with them for long hours and make them learn in a way in which they are able to grasp well.

Unique Teaching Methodology

Unlike traditional approach of teaching where students sit in a classroom, a teacher teaches using board, we at Meritorious Tutorials believe in innovative teaching methodology. Experiments are performed in the classroom to help the students learn applications of concepts in real-life.
